Nationality: German
Work Permit: EU
Availability: from June 2027
(internship or graduate role)

Education

ESADE Business School & Copenhagen Business School (CBS) — Barcelona, Spain / Copenhagen, Denmark
CEMS Master's in International Management (MIM) — Sep 2026 – Jul 2027

- Modules: Financial Analysis, AI & Machine Learning, Data Analytics, Negotiations; at CBS: Building AI Business Ventures in Digital Ecosystems, Entrepreneurship: Theory and Evidence.

ESADE Business & Law School, Ramon Llull University — Barcelona, Spain
MSc in Finance, Banking & Asset Management Track (8.5/10) — Aug 2025 – Jun 2026

- Coursework: Corporate Valuation (DCF, comps, M&A); Advanced Financial Modelling (three-statement, LBO, IRR/MOIC); Venture Capital (sourcing, due diligence, cap tables, memos); Asset Management; Asset Pricing; Derivatives; Fixed Income; Hedge Funds; Fintech. Also: University of St. Gallen, Investing in Capital Markets (Jan 2026).
- In-Company Thesis with ANDBank: **AI Implementation & Adoption in Private Banking** (Jun – Aug 2026), **graded 85%**.

University of Bristol — Bristol, United Kingdom
BEng in Mechanical Engineering — Sep 2021 – Jul 2024

- **Inspiring Engineering Student Award** for initiative, innovation and impact beyond technical excellence. Modules incl. Python, Dynamics, Project Management.
- Led a 4-person go-to-market case for a smart gum shield. Thesis: prototyped an Arduino-based system measuring mastication performance; **results used in my tutor's PhD research**.

International School of Nice – **IB Diploma** (HL: Physics 7, Maths 6, Geography 7) — Sep 2013 – Jul 2021

Professional Experience

ANDBank Monaco — Monaco
Investment & Portfolio Risk Management Intern — Jun 2026 – Aug 2026
Private Banking & Wealth Management

- **Measured risk-adjusted performance across 30 client portfolios** with a TWR-based risk workbook (Sharpe, Sortino, VaR/CVaR, beta, tracking error, information ratio, max drawdown); **fixed a benchmark mismatch** (S&P 500 vs. HICP+3% mandate), aligned VaR/CVaR confidence levels and wrote the methodology document.
- **Cut reporting preparation time by ~95%** by automating Bloomberg/Excel reporting with AI-assisted workflows; built **"Hermes"**, a morning market-update system, plus a term-sheet automation tool.
- **Scaled an automated client-reporting dashboard from one portfolio manager to four** (multi-period performance, top/worst holdings), with potential for bank-wide rollout.
- **Supported 10 client portfolio reviews** by analysing concentration risk and exposure gaps across portfolio managers' books (correlation matrices, asset-class/geography breakdowns).
- **Scored 50+ securities on momentum, value and growth** to support buy/sell recommendations; benchmarked alternatives (HFR indices), decomposed structured products and built a coupon tracker for worst-of autocallables.

Projects & Competitions

- **Bloomberg Trading Challenge** (ESADE, Mar 2026, team of 4): ran a €100M book, returning **+0.695% vs. −2.4% for the benchmark (+3.1 pp)** with a **Sharpe ratio of 1.61** and max drawdown under 1%.
- **Futures Trading Challenge** (ESADE Derivatives, Feb 2026): **4th place**, **+13.4% in two weeks** trading index, metals and FX futures. Also built and tested a long/short equity trading bot in Python.
- **Substrate Capital** (team of 4; I owned the risk framework and methodology): systematic 130/30 long/short AI-infrastructure strategy using a random forest and HMM regime overlay; **simulated walk-forward Sharpe 1.01**, net of costs.
- **IAG equity valuation** (team of 6): DCF and comps leading to a **BUY at €8.07 vs. €4.60 (+75%)**. **Nike activist case**: management vs. activist valuation with a Monte Carlo on value per share.

Skills & Certifications

Languages: English (Native), French (Fluent), German (Intermediate), Spanish (Beginner).
Technical: Excel (financial modelling, Power Query, VBA), **Python** (pandas, scikit-learn), SQL, MATLAB, Stata, **Bloomberg Terminal (incl. BQL)**, FactSet.
AI & Automation: automated Bloomberg/Excel workflows with Claude (Power Query pipelines, AI-built factor screens); built a **16-skill custom AI library** for analysis review.
Certifications: Bloomberg Market Concepts, Bloomberg Financial Fundamentals, Bloomberg BQL; AmplifyMe Asset Management Academy.

Leadership & Activities

- **Head of Finance, Women in Finance, CBS** (Sep 2026 – present): manage the budget and sponsorships; help run industry events.
- **CEMS Corporate & Alumni Team** (2026): **launched and led a mentorship programme pairing up to 20 students with alumni**; owned matching, alumni outreach and alumni office coordination.
- Member, CBS Venture Capital Club & Private Equity Club. Volunteer, Wild Goose Shelter, Bristol (2023–24); taught English in Nepal (2017).
